

Registered Architect and member of the Bayerische Architektenkammer with more than 5 years of professional experience delivering residential, commercial, interior design, landscape, and construction documentation projects. Experienced in managing projects from concept design through permitting, BIM coordination, technical documentation, consultant coordination, and on-site supervision. Strong background in multidisciplinary collaboration, authority submissions, construction follow-up, and the delivery of built projects. Proficient in Revit, AutoCAD, SketchUp, and Lumion, with a focus on high-quality architectural documentation and practical design solutions.

PROFESSIONAL EXPERIENCE

Freelance Architect

2021 — Present

Lebanon

- Delivered 7 completed architectural projects including residential villas, interior design projects, landscape developments, and comprehensive construction documentation packages
- Developed architectural concepts, design presentations, permit drawings, and execution documentation
- Coordinated multidisciplinary teams including structural, mechanical, electrical, and specialist consultants
- Managed BIM-based workflows using Revit throughout project development
- Conducted site visits and construction supervision to ensure compliance with design intent and quality standards
- Coordinated directly with clients, contractors, and authorities during project execution
- Produced detailed documentation packages integrating architectural, structural, and MEP requirements
